Action Floor Systems® Names Floor of the Year and Awards Dealer Anniversary Jackets *Two floors, two dealers recognized at Action Floor's bi-annual dealer meeting*

MERCER, Wis. – [Action Floor Systems®](#) announced two Floor of the Year recipients, in maple sport and synthetic sport flooring categories, at its bi-annual dealer meeting held March 3-5 in Orlando, Fla. The company also presented anniversary jackets to two dealers who have been with the company for more than 20 years.

The Floor of the Year awards were voted on by dealers from around the world. In the maple sport flooring category, [All City Floor Company's](#) Action Cush I Floor System installation at Rock Canyon High School, located in Castle Rock, Colo., captured the award.

Honorable mentions in the maple sport flooring category were [Scott Floor Company](#) for their work in VMI Cocke Hall in Lexington, Va., and [Gifford Industries](#) for the Al Davies Boys & Girls Club Isaiah Thomas Court in Tacoma, Wash.

In the synthetic sport flooring category, the Floor of the Year award was given to [Raga Sport](#) for their Action Herculan® Multi-Function 7+2 System installation, Mexico City University's ITESM Campus in Mexico City, Mexico.

Honorable mentions in the synthetic sport flooring category were [Finchum Sports Floors'](#) Clarksville Athletic Club in Clarksville, Tenn., and [All American Sports Group](#) for their work in Danvers High School in Danvers, Mass.

Murray Forth from Forth Sport Floors of N.Y. and Nick Scott from Scott Floor Company of Va. joined the elite club of dealers who have been recognized for more than 20 years of partnership with Action. Forth and Scott received the esteemed dealer jackets, which are awarded to dealers that reach the impressive 20+ year benchmark. They join 16 others who have been recognized since 2009.

About Action Floor Systems

Action Floor Systems® of Mercer, Wisconsin, has been providing "A System for Success" through its wide-ranging sports flooring options since 1989. Action Floors has established itself as a trusted leader in the manufacturing of solid, hard maple permanent and portable floors complemented by its comprehensive selection of subfloor systems for beneath the wood. Action Floors also provides top-of-the line, synthetic floor systems for a variety of applications. Located in the northwoods of Wisconsin, Action Floors has emerged as a sustainability leader in the flooring industry and is the only Maple Flooring Manufacturing Association (MFMA) accredited mill that meets all of the Carbon Negative certification's vital

environmental and performance measures. For more information on Action Floor Systems and its international dealer network, visit actionfloors.com or call 800-746-3512.
