Dear Tom Abendroth,

Welcome to the Alzheimer's Association®! Thank you for joining the fight against Alzheimer's disease with your donation of \$500.00, in honor of Our Industries Pioneer's, which was received on 12/26/2017. Alzheimer's disease is the only cause of death among the top 10 in America that cannot be prevented, cured, or even slowed. More than 5 million Americans are living with Alzheimer's. By 2050, that number could rise as high as 16 million if no medical breakthroughs are developed.

Your donation allows us to continue in our mission to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health. Each day in your community and across the country, the staff and volunteers of the Alzheimer's Association are joined by passionate supporters like you who share in our vision of a world without Alzheimer's.

Thank you very much for joining the Alzheimer's Association and being an important part of the fight against this disease. Please read the enclosed insert to learn about becoming more involved with the Association. From local and national events to interactive communities online, there are many available resources and ways to participate in the fight against Alzheimer's.

Your contribution today is greatly appreciated by all of us. Please accept our heartfelt thanks for your support, and we're pleased to extend a warm welcome to the Alzheimer's Association family.

Sincerely,

A handwritten signature in cursive script that reads "Laurie Schill".
