Tom + Action Floor Systems,

Warmest wishes for a joyous holiday season from
your friends at the Parkinson's Foundation.

Thank you for your support and for helping us
make life better for people with Parkinson's.

We have so appreciated working with you
this year. The work your company does to
support the Foundation is so appreciated and
the way you recognize those affected by the
disease is inspiring to our team. Looking
forward to working with you more in 2024!

Best, Gabrielle
